## SIX REDSKINS KILLED.

They Fought the Game War-  
dens Out In Colorado.

### ONE OFFICER WAS WOUNDED

The Indians Are Now Thoroughly Aroused  
and Settlers Are Greatly Ex-  
cited, Fearing Whole-  
sale Massacres.

Denver, Oct. 30.—The game war-  
den's office received the following dis-  
patch, dated Oct. 29, from Game War-  
den Little, at Meeker:

Indians reported to be gathering in  
large numbers on the Colorado side of the  
Blue mountains. Settlers greatly alarmed.  
Affairs look very threatening.

Immediately on receipt of the dis-  
patch Governor Adams called upon  
General Otis and held a consultation  
on what to do in the emergency. From  
the tenor of the dispatch it appears  
that the Utes left in Utah are rushing  
eastward to the assistance of their  
brethren.

Brigadier General Otis received from  
the commanding officer at Fort Du-  
chene, Utah, a report that there is no  
excitement on the reservation. General  
Otis says the trouble in Rout county  
will soon end, as the troops will es-  
cort the Indians back to their reserva-  
tion.

State Auditor Lowell received a tel-  
egram from his son, who lives on a  
ranch near where the fight occurred,  
saying that six Indians were killed  
and one game warden wounded in the  
scrimmage on Monday.

complishing the work, and all the lines  
interested are now parties to the  
agreement. The immediate outcome  
hoped for is the placing of California  
rates on a stable basis.

### Believed in a Real Beeleebub.

McKinney, Ky., Oct. 30.—A report

second brigade, led the advance upon  
the enemy's position.

The casualties among the British

Bates of the artillery, who succumbed  
to wounds received during the engage-  
ment, and Major Handford-Flood of  
the West Surrey regiment, who is  
among the wounded. The British  
forces will halt in the Mustura valley  
and will attack Arhangza soon.

Color: O. O. Oct. 25—Special.  
—HON. A. W. THURMAN, who is  
more familiar with the facts than any  
man in Ohio, by request furnishes the  
following brief summary of the legisla-  
tion connected with the Pacific rail-  
road:

That a correct view of the present  
status of affairs concerning the Union  
Pacific may be had, a brief mention  
of some of the legislation pertaining  
thereto is necessary. In 1852 congress  
passed the first act to aid in the con-  
struction of a railroad and telegraph  
line from the Missouri river to the  
Pacific ocean, and to secure to the gov-  
ernment the use of the same for postal,  
military and other purposes. By this  
act a large amount of lands and the  
bonds of the United States, payable in  
20 years, bearing 6 per cent interest,  
payable semi-annually, were granted  
to build these roads: the roads were to  
repay to the United States the amount  
of the bonds and the interest and the  
issue and delivery of the bonds to the  
company was to constitute a first mort-  
gage on the whole added line of the  
road and its property of every kind.  
Bonds from \$10,000 to \$48,000 per mile  
were to be loaned to the company.

By the sixth section of this act the  
re-payment of principal and interest  
was to be made at the maturity of the  
bonds and all compensation for services  
rendered to the government applic-  
able to the payment of said bonds and  
interest, and at least 5 per cent of the  
net earnings of said road were to be  
annually applied to this payment.  
Nothing, however, was done under this  
act toward the building of the road.  
In July, 1864, another act amending  
this one was passed. The grant of  
lands was doubled, and the companies  
were permitted to place a first mort-  
gage on the roads and property equal  
in amount to the bonds granted them  
by congress, and prior in lien to the  
one to be held by the government. In  
addition only one-half of the compensa-  
tion for services rendered the govern-  
ment by said companies was required  
to be applied toward the payment of  
the bonds issued by the government to  
them.

Lands by the Millions.  
Six companies availed themselves of  
the terms of this act and lands were  
certified to them by the millions of  
acres and United States bonds were  
delivered to them as the work pro-  
gressed through the years '65, '67, '68  
and '69. The whole amount of the  
bonds issued was \$64,623,512.00. The  
payment required under the bill did  
not prove sufficient to repay the govern-  
ment anything like the amount that  
was paid out in the shape of interest  
on the bonds and the debt of the com-  
panies to the United States gradually  
increased. In 1873 congress directed  
the secretary of the treasury to with-  
hold all payments on account of freights  
or transportation over these roads on  
government account to the amount of  
payment made by the United States  
for interest, together with 5 per cent  
net earnings. This was done, yet all  
of this compensation and the 5 per cent  
in addition was not equal to the in-  
terest, so the debt still grew.

In 1874 the Thurman act was passed  
which, in addition to retaining the  
whole amount of compensation, re-  
quired the companies to pay such a  
sum each year as would, with the 5  
per cent, and the compensation, amount  
to 25 per cent of their net  
earnings. These payments were to be  
applied—the 5 per cent of the net earn-  
ings and one-half compensation—to the  
bond and interest account; the other  
half compensation into a sinking  
fund in the hands of the United States  
treasury, which sinking fund was to  
be held for the protection, security and  
benefit of the first mortgage bond hold-  
ers, first, and for the United States after  
this first mortgage debt was paid.

Under this act, too, there was an  
auditor of Pacific railroad accounts ap-  
pointed, whose duty it was to see that  
the provisions of the act were complied  
with on the part of the companies. A  
man by the name of French was ap-  
pointed to this position. In a short  
time it was discovered that the pro-  
visions of the act were being almost  
totally disregarded by him. Senators  
Thurman and Edmunds did everything  
in their power to force the administra-  
tion to have the provisions of the bill  
strictly adhered to and honestly car-  
ried out. At every step, though, they  
were blocked, and the whole matter  
substantially allowed to go by default.  
Since the beginning there has been  
repaid by these companies to the bond  
and interest account somewhere be-  
tween \$25,000,000 and \$30,000,000. The  
sinking fund now amounts to about  
\$17,000,000, and the debt has grown to  
over \$52,000,000 on the Union Pacific  
alone.

Senate in the Way.

Some years ago the house of repre-  
sentatives passed an act to increase  
the percentage to be paid to the gov-

## Why

Do people buy Hood's Sarsaparilla in  
preference to any other, and almost  
to the exclusion of all others?

## Because

They know from actual use that Hood's  
Sarsaparilla is the best, i. e., it cures what it  
claims to cure. It is still the only  
personal supervision of the manufacture  
pharmaceutical who originates the  
preparation.

The question of best preparation has  
decidedly been decided in favor of Hood's  
Sarsaparilla of comparative sales.

Another thing Every one knows  
of Hood's Sarsaparilla is that it is a  
true blood purifier.

ernment to 40 per cent, but the senate  
refused to pass the bill. After this  
two distinct propositions were present-  
ed to congress—one by the Democrats  
in the house, known as the Outhwaite  
bill, and the Republican measure in  
the senate. The Republican measure  
was simply one to discount the debt,  
because it was not due for 10 or 12  
years, and which then amounted to  
nearly \$10,000,000, to extend the re-  
minder in payments of 80 years, and  
permit such semi-annual payments  
from the companies for the length of  
time as would not pay 3 per cent per  
annum interest on the then present  
worth of the debt, in full settlement of  
it. For these deferred payments the  
government was to take non-interest  
bearing bonds from the companies,  
permitting the companies to take them  
up, abating interest on these bonds at  
the rate of 2 per cent per annum.

On this plan these corporations, if  
they could have borrowed the money,  
which undoubtedly they could, would  
have paid off their debts to the United  
States at probably less than 20 cents  
on the dollar. The Democratic bill  
presented by Mr. Outhwaite did not  
discount the debt, but required the  
payment of the principal and interest  
for 30 years at 6 per cent to be the  
principal upon which the interest was  
to be computed for the rest of the  
average time of extinction at 3 per cent  
after 1890 when the bonds—debt—  
became due. It required payments to  
be made large enough to pay off both  
principal and interest. It also stipu-  
lated that the sinking fund, which  
then amounted to about \$10,000,000,  
should instantly be applied as a pay-  
ment on the debt due the government.  
It also stipulated that the companies  
should refund their first mortgage  
debt at a rate of interest not higher  
than 4 per cent.

## Met With Defeat.

Under the law as it now stands the  
lien of the government is only upon  
about 2,500 miles. The Outhwaite bill  
extended this lien to all the lines,  
either leased or controlled by these  
companies. It further provided that  
no dividends should be paid by any  
of these companies until the other  
provisions of the act were complied  
with. This was done because they had  
paid out millions upon millions as di-  
vidends while they permitted their debt  
to the government to steadily increase.  
Under this bill, the government under  
all circumstances was to be paid first,  
and upon the failure on the part of the  
companies to comply with any of the  
provisions of the act the rights and  
securities of the United States were  
to be at once enforced. This measure,  
like all the other measures that were  
introduced to try and make these cor-  
porations pay what they justly owed  
to the government, met with defeat.

Early in the year 1897 the debts fell  
due and a foreclosure suit was insti-  
tuted by the first mortgage bondhold-  
ers, and the attorney general, upon the  
order of President Cleveland, entered  
appearance upon the part of the gov-  
ernment. In the meantime, a syndi-  
cate was formed for the purpose of  
reorganizing the whole of the Union  
Pacific system. This was to be done  
by first acquiring all of the liens prior  
to that of the government. Second, by  
settling the government claim. Third,  
by readjusting the claims of all other  
lien holders.

The plan proposed will not pay the  
amount due the government by at  
least \$20,000,000. It is pretended that  
the suit for foreclosure has been con-  
ducted in the regular way, and that  
any person will be permitted to bid  
upon the road on the day it is offered  
for sale. Undoubtedly this is so, but  
the arrangements made by the pres-  
ent attorney general with the syndi-  
cate above referred to would make  
such a thing almost a farce, because  
the payments called for by the govern-  
ment and the time designated by the  
government to make them in is so  
short that it will exclude all bidders  
other than the syndicate.

## Statement Not Substantiated.

The claim is made that unless this  
reorganization scheme is carried out,  
the government will suffer still greater  
loss. This statement cannot be sub-  
stantiated, for it is certain that the  
reorganization syndicate do not intend  
making this purchase unless a large  
sum of money can be made out of it;  
and there has been no reason given  
to show that the government could not  
do this same thing by itself purchasing  
the prior liens to its own and then as-  
suming charge of the properties.

If the reorganization syndicate can

The man who awakes  
from a deep sleep just  
in time to ward off the  
onset of an acute  
attack of consumption,  
who knows the value  
of a good medicine to  
drive a nail into his  
heart, has had a  
narrow escape.  
There are thou-  
sands of grateful  
men who have  
themselves saved  
from the  
chance of a lifeless  
grave, just in  
time to ward off the  
deadly assault of that  
dread enemy of mankind  
consumption.

The weapon with which these men have  
successfully combated this grim destroyer  
has been Dr. Pierce's Golden Medical  
Discovery. It is the only known medicine  
that will prevent and cure consumption.  
Taken in time, it will always ward off this  
deadly disease, and even after the devastat-  
ing germs have attacked the lungs, it will  
cure 99 per cent of all cases. It acts di-  
rectly on the lungs, building up new,  
healthy tissue and driving out all disease-  
germs. It corrects all stomach and diges-  
tive troubles, invigorates the liver and  
makes the appetite keen and hearty. It is  
the great blood-maker, flesh-builder and  
nerve tonic. There is nothing else "just  
as good" and the druggist who says so is  
untruthful.

It was a sufferer for five or six years from in-  
digestion, sore stomach, and constant headaches.  
He writes: "I tried several of our best phy-  
sicians and found no permanent relief. By the per-  
sua- sion of Mr. J. K. Tolson, a friend of mine, I  
commenced on the 25th September, 1896, to take  
Dr. Pierce's Golden Medical Discovery and after  
two weeks I felt a great relief in a few days. Since  
then I have used five bottles of 'Golden Medical  
Discovery' and five vials of 'Pell's'. When I  
commenced using the medicines I could not  
sleep, had a restless uneasy feeling all the time,  
and my skin was yellow and dry. I weighed  
only 125 pounds. I now weigh 170 pounds, have  
a good color, and feel like a new man. I have  
a good appetite, and eat anything I wish. For  
two years, while under treatment by a physician,  
I ate nothing but Graham bread."

In reference to the above letter, J. R. Tolson,  
P. O. Box 173, Galveston, Texas, writes: "The  
above Mr. B. F. Holmes, is a good  
christian gentleman, and one whose word I  
go a long way to believe. I have known him. I  
used and sell Dr. Pierce's medicines, and I recom-  
mend them to Mr. Holmes."

Dr. Pierce's Pleasant Pellets cure that  
disease-producing disorder, constipation.  
They never fail. They never gripe. Drugg-  
ists sell them.

take possession and upon a tremen-  
dously increased capitalization make  
this road a paying investment, no good  
reason can be given why the govern-  
ment should be deprived of a dollar  
of indebtedness that is due to it by  
these companies.

But it is said that the government  
cannot protect itself in the same way  
the syndicate proposes without taking  
charge of these roads as an owner,  
and that such a proposition is out of  
the question. The answer to this is  
that the government has charge now,  
and has been operating this same road  
for years by a receiver appointed by  
a United States court. It is also  
true that under the supervision of the  
courts the administration of its af-  
fairs have been conducted much more  
honestly and efficiently than ever be-  
fore. If agents of the United States  
government appointed by United States  
courts can successfully run a railroad,  
why can not agents appointed by  
any other department of the govern-  
ment that congress may designate do  
the same thing. If this were done,  
and also the same with the Central  
Pacific when its turn comes, the gov-  
ernment could not possibly lose one  
dollar of the indebtedness of these  
roads now due.

## Why Has It Been Permitted?

Besides this the senate committee  
reported against the proposed plan  
of sale and unanimously recom-  
mended that the government pay  
off the first lien and take the road.  
It may be asked why this reorganiza-  
tion scheme has been permitted to be  
carried to the very verge of comple-  
tion without anything being generally  
known concerning it. Especially may  
this question be asked when the in-  
equity of the whole transaction was  
completely demonstrated by Senator  
Morgan and Allen last summer in the  
senate. Senator Morgan, after a bit-  
ter arraignment of the Cleveland ad-  
ministration, warned and told Presi-  
dent McKinley that if it was permitted  
to progress one step farther that it  
would irretrievably ruin any and every  
man connected with it.

Nothing, however, seems to have  
been done by the president and the  
road is advertised to be sold on No-  
vember 1, and unless stopped the peo-  
ple will be swindled out of not less  
than \$40,000,000. This is so because  
the syndicate plan provides that the  
Central Pacific be disposed of in the  
same way.

Everything connected with these  
roads from their inception down to  
the present time has been saturated  
with fraud. In fact, there has been  
nothing but plain, straightforward  
stealing. Will the people permit this  
carnival of crime to proceed uninter-  
rupted to the end?

## HANNA AND THE STEAL.

A Union Pacific Director Who Evidently  
Failed to Direct.

"Marcus Alonzo Hanna" in the Congres-  
sional Record (Feb. 11, 1897).  
Marcus Alonzo Hanna of Cleveland  
was born in New Lisbon (now Lisbon),  
Columbiana county, Ohio, Sept. 21,  
1837, removed with his father's family  
to Cleveland in 1852. He was educated  
in the common schools of that city and  
the Western Reserve college, Hudson,  
O., was engaged as an employee in the  
wholesale grocery house of Hanna,  
Garretson & Co., his father being sen-  
ior member of the firm, his father died  
in 1862, and he represented his interest  
in the firm until 1867, when the busi-  
ness was closed up, then became a  
member of the firm of Rhodes & Co.,  
engaged in the iron and coal business,  
at the expiration of 10 years the title  
of this firm was changed to M. A.  
Hanna & Co., which still exists, has  
been identified with the lake carrying  
business, being interested in vessels on  
the lakes and in the construction of  
such vessels. He is a director in the  
Ship Manufacturing company of Cleve-  
land, president of the Cleveland City  
Railway company, president of the

Chapin Mining company, Lake Superi-  
or, was government director of the  
Union Pacific Railway company in  
1885 by appointment of President  
Cleveland and was a delegate to the Na-  
tional Republican conventions of 1884,  
1888 and 1896. He was elected chairman  
of the National Republican committee  
in 1896, and still holds that position.  
He was appointed to the United States  
senate as a Republican by Governor  
Bushnell, March 5, 1897, to fill the va-  
cancy caused by the resignation of  
Hon. John Sherman, who resigned to  
accept the position of secretary of state  
in President McKinley's cabinet, took  
his seat March 5, 1897. His term of  
service will expire in January, 1899, or  
when the legislature of his state elects  
his successor.

## CAMPAIGN COMRADES.

Biography of Senator Thurston Who  
Stamped Ohio With Hanna.

By John M. Thurston, from Congressional  
Directory.

John Mellen Thurston of Omaha was  
born at Montpelier, Vt., Aug. 21, 1847;  
his ancestors were Puritans; their set-  
tlement in this country dates back to  
1636; his grandfather, Mellen, and  
great-grandfather, Thurston, were  
both soldiers in the revolutionary war;  
his parents removed to Wisconsin in  
1854; his father was a private soldier  
in the First Wisconsin cavalry, and  
died in the service in the spring of  
1863; was educated in the public  
schools and at Wayland university,  
Beaver Dam, Wis., supporting himself  
by farm work, driving teams and other  
manual labor; was admitted to the bar  
May 21, 1869, and in October of the

## Just as They Were.

It is related of Fanny Kemble that  
she carried the tragic air of the stage  
into everyday affairs. While in Boston  
she stopped at the Tremont House and  
was accustomed to dine in her room at  
5 o'clock. On one occasion the waiter  
brought her dinner ten minutes too  
soon, and she made him take it away  
until the hour had struck. On another  
occasion she gave the servant some  
clothes for the laundry.  
"When can these be returned to me,  
washed and ironed?" she inquired.  
"The day after tomorrow, madam, at  
noon time."  
"Be it so," was the dramatic reply.  
"at 12 on Wednesday."  
But on the hour appointed the clothes  
had not been returned, and at ten min-  
utes past noon a servant stood before  
her in response to the short summons of  
the bell.  
"My clothes that were to be returned  
at 12 today—bring them."  
"But, madam, we have not been able  
to get them ready owing to a difficulty  
in the laundry. You shall have them  
tomorrow."  
"Bring them now—they were prom-  
ised today."  
"I know it, madam, but they are not  
ready."  
"It matters not to me. Bring them  
just as they are."  
The servant went out, and a few mo-  
ments later two men entered, bearing  
the clothes in a tub full of soap suds and  
wet clothes, set them on the floor and  
went out.—Boston Journal.

## THE MUSIC CURE.

[The discovery of a new treatment, called  
the music cure, comes to us from the city  
of Munich.—Boston Transcript.]  
Come, all ye sore and weary folk who've suf-  
fered many a year  
The greatest of the remedies to cure your ills  
is here.

No matter what your trouble, be your heart  
or liver wrong,  
You now may find correction in the measure  
of a song.  
When in your sole your verminous appendix  
Lies in a funk  
To twist and turn and twinge and throb till  
you can hardly sleep  
No longer call the doctor, for a knife and  
talisman  
And summon Jean de Bazke and get him to  
sing it.

If to your too the living rich of days that are  
no more  
Should bring these gaudy follies that no fel-  
low hinders for,  
Strike to your wait of Strauss or one swift  
polka, and so  
With these infectious dancing strains men-  
tally that too  
For ordinary troubles, such as colds, pains or  
chills  
Three times a day take Mozart's safe and sure  
sympathetic quills.  
And if the trouble does not yield to them you  
may be sure  
Mozart's intermezzo pills will work a speedy  
cure.

And when you travel—blessed thought!—no  
matter where it be  
You need not worry over any kind of misery  
So long as you start abroad you do not fail  
to get it.  
What do I lose when they give to me now, a  
cure all consuming?  
Or if, perchance, this does not cure as soon as  
I desire,  
No matter what kind of disease our system  
may require,  
We're better off than ever before beneath this  
sympathetic grand  
Which for the doctor's substitutes the mea-  
sures of the land!

Mr. George W. Harvey the Editor of  
**BRYAN'S PAPER** the Weekly World Herald of Omaha, has  
been restored to health after years of suf-  
fering, during which time the three best physicians of the state failed to help  
him. He had indigestion so bad that he could never eat more than two meals a  
day, and was obliged to carry morphine with him to relieve his nervousness. Finally  
in one attack he lost 25 lbs. in the last days. The package of Dr. Kay's Renovator  
cured him. For lack of space we can give only short extracts from his letter,  
but we urge all to send for full report of this case and many others who had  
failed to get help from physicians or any medicine until they took Dr. Kay's  
Renovator. Mr. Harvey writes: "I consulted three of the best physicians in the  
state but they failed to give me relief. My stomach was sore and sensitive  
I was unable to try."

## Ripans Tabules

These I took home and ever since that day have been a regular cus-  
tomer." His wife's mother is pronounced in the opinion that for gas-  
tronic troubles or for any irregularity proceeding from a disordered stomach,  
the Tabules are the best medicine to which her attention has ever  
been directed during all her long experience. His wife at one time  
astonished him by asserting that for a sore throat the Tabules were a  
remedy of amazing effectiveness. He understands this better now  
since he has learned from his physician that sore throat—like many  
other apparently local troubles, notably headache—is often a direct re-  
sult of a disordered stomach; and for this thousands of people will  
know Ripans Tabules are a specific.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It cures the inflammation immediately, heals the irritated surface and with minimum treatment, reduces the swelling and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent.

Mrs. M. C. Hickley, 601 Mississippi St., Indianapolis, Ind., says: "I have been a sufferer from the pain and annoyance of Piles for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure."

Major Dean, of Columbus, Ohio, says: "I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure have effectively cured me."

## Something to Depend On

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pans could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and seeing lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at H. F. Vorkamp's Drug Store, northeast corner Main and North streets.

## A SUPPOSED PLOT

To Kill the President of Salvador by Wrecking a Train.  
Panama, Oct. 20.—Private advice received here from Guatemala tell of an alleged plot to kill President Rafael A. Guerrero of Salvador.

As a result of this plot the train bearing President Guerrero and his party from San Salvador to Acajutla was wrecked on a sharp curve as it neared Sonsonate. The bolts holding the rails were loosened and the rails were raised, throwing the train from the track.

The president escaped unhurt, but the engineer of the train was killed. The president is now in La Union inspecting the new railroad being constructed to San Miguel.

Reports from San Salvador deny plot to kill the president. Peace reigns throughout Salvador.

## General Shafer's Report.

Washington, Oct. 20.—In his annual report to the adjutant general Brigadier General Shafer, commanding the department of California, recommends the removal of two barracks from the presidio to the new works at Fort Baker, where the battery is now unprotected against the approaching rainy season. The infantry company at San Diego should be replaced by a battery of heavy artillery, as the works are nearing completion, and the artillerymen should mount the guns for instruction.

## Protests Continue to Arrive.

New York, Oct. 20.—Although the Bachante of MacMonnies has been formally accepted from Charles F. McKim by the trustees of the Metropolitan Museum of Art, and has been placed on her pedestal, the director of the museum still receives protests against its acceptance. Letters have been received from the Rev. W. F. Crafts, superintendent of the reform bureau at Washington, and Aaron M. Powell, president of the American Purify alliance.

## Knew His Victim Was Unarmed.

Kansas City, Oct. 20.—Two daughters of Laundryman Jackson, for whose murder Dr. J. D. Goddard is being tried, took the stand against their father and for the prisoner. Dr. Goddard also testified in his own defense. In his testimony Goddard pleaded self-defense. His cross-examination developed the fact that he knew Jackson's revolver had been taken from him when he shot him.

## Canadian Indians Return.

Butte, Mont., Oct. 20.—The troublesome Canadian Creek Indians, who occasioned so much correspondence between the two governments a year ago, resulting in the United States troops rounding the Indians up and securing them back to Canada, have returned and are more troublesome than ever. They are slaughtering game that is protected by the state law and are killing cattle.

## Fight Against Buckshotops.

St. Louis, Oct. 20.—Things are shaping themselves for a finish fight on the buckshotops of this city. The determination on the part of the Merchants' Exchange to make the fight is said to have been brought about through the belief that the buckshotops are furnishing money with which to carry on the fight that is now being waged against the exchange.

## Deal About Closed.

Kansas City, Oct. 20.—The deal by which the St. Louis and San Francisco is to take charge of the Kansas City, Osceola and Southern and thereby secure an entrance into Kansas City is reported practically closed. All that remains, it is said, is for the St. Louis and San Francisco stockholders to formally vote on a proposition to take possession of the road.

## Chile's New Financial System.

Valparaiso, Oct. 20.—At a joint session of congress the new conversion law was promulgated. Under this law the banks must continue the emission of gold standard notes until the end of December, and must redeem government notes, paying the equivalent in gold piece to the Chilean treasury.

## COMPLETE SUSPENSION

Or Very Material Limitation of Pelagic Sealing.

SUCH IS THE AGREEMENT.

Delegates from Russia and Japan Announced This Proposition as the Best Course to Pursue.

Washington, Oct. 20.—Complete official confirmation was given to the announcement that the Berlin sea conference had reached an agreement for the complete suspension of material limitation of pelagic sealing.

The acceptance of Russia and Japan is even more positive than has been heretofore stated, as the delegates from these two countries accept the proposition, reserving only the right to communicate their action to their respective governments for the purpose of having it approved.

This has been done by cable. In the meantime, however, the acceptance stand, and the proposition is regarded as an accepted fact. The only question which it is felt can arise is the disapproval at St. Petersburg or Tokio of what the delegates have done, and this is not anticipated.

The proposition consists of three main features, of an alternative character. The first contemplates an absolute suspension of all pelagic sealing. Another is for restriction of such sealing within very narrow limits. The nature of the third proposition is not disclosed.

The action of the conference in seeking the co-operation of Great Britain, rather than inviting a breach, is a special source of gratification among those interested. Canada continues to be the one influence in the way of a satisfactory agreement which shall include not only the United States, Russia and Japan, but also Great Britain and her colonies.

## ARRANGING FOR DEPOSIT.

What Will Be Done With Union Pacific Railroad Money.

Washington, Oct. 20.—Secretary Gage is perfecting arrangements for the deposit in specially designated depository banks of the money to be turned over to the government by the Union Pacific reorganization committee soon after Nov. 1, in case they are the successful bidders for the road.

For the present, at least, it is thought the whole amount will be deposited with a number of New York bankers heretofore to be designated. The purpose of this arrangement is to prevent a contraction of the circulation in consequence of the withdrawal of about \$58,500,000, the reorganization committee cash bid.

On Jan. 1, next, the government disbursements on account of interest and the redemption of bonds issued in aid of the Pacific railroads, will aggregate nearly \$36,000,000, so that the net increase in the treasury cash balance on Jan. 1 will be about \$17,500,000.

## THANKSGIVING PROCLAMATION.

What the President Says in His First Instrument of the Kind.

Washington, Oct. 20.—President McKinley in his first national Thanksgiving day proclamation says in part: "In remembrance of God's goodness to us during the past year, which has been so abundant, let us offer unto Him our thanksgiving and pay our vows unto the Most High." Under His watchful providence industry has prospered, the conditions of labor have been improved, while the rewards of the husbandmen have been increased and the comforts of our homes multiplied.

"His mighty hand has preserved peace and protected the nation. Respect for law and order has been strengthened, love of free institutions cherished, and all sections of our beloved country brought into closer bonds of fraternal regard and generous co-operation."

An Important Recommendation.  
Washington, Oct. 20.—Secretary of Agriculture Wilson presented his report to the president, reviewing the operations of the department in agriculture for the present year. The most important recommendation made by him is the one that agents for the department should be stationed at each of our more important American embassies, for the collection of information of interest to American farmers.

## Brief Cabinet Session.

Washington, Oct. 20.—The cabinet held a very brief session, lasting only about an hour. No new business was brought forward, and the only matter considered was of a department nature. The abstract of the Spanish reply which Minister Woodford had cabled to Secretary Sherman. This abstract was read and brought forth comments upon the mild tone it indicated as contained in the full reply.

## Stamps Not Redeemable.

Washington, Oct. 20.—Commissioner Foreman of the internal revenue bureau has decided that unused revenue stamps for distilled spirits bottled in bond cannot be redeemed by the government. These stamps are issued to distillers for their own benefit and protection and have no relation to the collection of internal revenue tax.

You must know there is a loss of power from your belts slipping. Well, we can stop that and so can you. If you will use GREEN SEAL BELT DRESSING on your belts.

Read what those drillers say:

INDIANAPOLIS, IND., Feb. 20, '97.  
Your Dressing is just the thing; it covers wear on machinery, and with it we can run a belt that would wear in two if we had to make it tight enough to hold without the Dressing. It is not a good thing for belt manufacturers, but it is a "DABBY" for the users of belts. Besides we have no slipping now.

## OUR COUNTY TICKET.

The Democratic party of Allen county offers for the suffrages of the voters next Tuesday a ticket which is well worthy the earnest and united support of every Democrat who may have the privilege of casting a vote in any precinct in this county. The ticket is a faultless one and predictions are freely made that the Democratic majority will be not less than 2,000. This mark can easily be reached if all the Democrats do their whole duty and go to the polls and help along the good work.

## FOR REPRESENTATIVE

The Democrats present that sterling young Democrat, Charles H. Adkins one of the prominent attorneys of the Allen county bar. Mr. Adkins is in every way qualified for the position of representative and

will make a reputation in the general assembly that his constituents will be proud of. He is an enthusiastic silver advocate and his voice has been heard in every township in Allen county during the campaign which is now drawing to a close. He is full sympathy with the workingman and the farmer—the bone and sinew of the country—and he will receive an enormous vote from them, regardless of their former political affiliations.

## FOR TREASURER

August G. Lutz, the present very efficient treasurer, is a candidate for re-election. Mr. Lutz was elected in the stormy election of 1895, by a good safe majority. That year a most prodigious effort was made to defeat him, but without success. His services since he assumed office have been most satisfactory, and his election next Tuesday by an overwhelming majority is assured. Mr. Lutz is one of our most substantial German citizens and is deservedly popular, not only among those of his nationality, but among all classes. Every citizen has the most implicit confidence in his integrity and it is an acknowledged fact that while Allen county has had many very excellent county treasurers, no one has given more careful attention to the duties of the office or managed its affairs any more capably than August G. Lutz.

## FOR SHERIFF

That stalwart, faithful Democrat, E. A. Bogart, of Monroe township, is our candidate. And no better man ever stood for the suffrages of the people of Allen county. Long service in the cause of the Democracy has given him a wide acquaintance over the entire county, and "Abe" Bogart has hosts of friends in every township who will flock to the polls to help elevate him into the very prominent position of sheriff. His eminent qualification for the position is admitted by every one without regard to political belief. He is one of the substantial farmers of Monroe township, and he will make a sheriff who will be a source of pride to every man who helps elect him.

## FOR SURVEYOR

The Democracy presents the name of John C. Oronley, of Lima, who has already served the county one term. In the slump two years ago Mr. Oronley went down with several other "excellent" Democrats. But when the convention was held last April his friends again placed him in nomination, determined that he be vindicated by a triumphant re-election this fall. Mr. Oronley is an efficient engineer, and he is furthermore a staunch, ardent Democrat who has always stood ready to do valiant service for his party, and his many admirers in the county propose to reward him by re-electing him next Tuesday to serve his county for another term as their surveyor.

## FOR COMMISSIONER

That earnest, old-time Democrat, George D. Kanawl, is presented for election. Everybody in Allen county knows George Kanawl, and it is admitted on all sides that he is most excellently equipped for the position of commissioner. His long experience in public work gives him an experience that will be very valuable to the people of the county. Mr. Kanawl is one of the responsible business men of the county. He is a man of the strictest integrity and has a knowledge of the affairs that will come under the supervision of a county commissioner that will make him an extremely efficient officer. His many friends throughout the county are enthusiastic in his cause and will pile up an enormous majority for him.

## FOR CORONER

Dr. E. G. Burton is the man whom the Democrats offer for the votes of the people, and he will get them. Dr. Burton is one of the leading physicians of the county and will make an excellent coroner. For many years he was a resident of Auglaize township, but a couple of years ago removed to Lima, and enjoys a large practice here as the result of his skill and ability. There is no man within this county who could fill the coroner's office more acceptably than he, and his election is assured. It is simply a matter of how large his majority will be.

## FOR INFIRMARY DIRECTOR

Mr. I. B. Stemen, of Sugar Creek, is our candidate. Mr. Stemen is a farmer, and a good one. He is a careful, industrious man of the strictest integrity and a staunch Democrat. The position of infirmary director is a responsible one, and the Democratic convention last April made no mistake when they selected Mr. Stemen as its candidate for that position. All the Democrats in the county will vote for him, and a great many Republicans, who respect the man for his many good qualities, have openly stated that they would vote for him and help swell his majority.

The personnel of the ticket is above reproach in every regard. Now all that remains for the Democracy to roll up the largest general majority ever recorded in the county is to have the full vote out on election day. Let every Democrat do his whole duty, go to the polls and vote, and see that every vote in the precinct is cast, and old Allen county will record a gallant vote against Hannaism, against bossism, against coercion and all the manifold evils which follow in the trail of Republicanism as it is interpreted by Mark Hanna and his crew of harpies.

Mortgage indebtedness of \$508,492,163 in Ohio, calling for an interest payment annually of \$35,000,000, is a condition largely due to a single gold standard, that has caused a depreciation of property values of over 30 per cent. the past 25 years.

David Fisher, editor of the Delaware Herald, who was at one time proprietor of the Democrat, announces himself as a candidate for chief clerk of the House of Representatives of the next General Assembly of Ohio. He, in common with most other people, believes that that body will be Democratic, and it probably will be. Bro. Fisher was incumbent of that position in the 69th General Assembly, and there is no man in Ohio who would be more acceptable to the Democracy of northwestern Ohio than he for the position to which he aspires. The TIMES-DEMOCRAT wishes him success should the body be Democratic, as we sincerely believe it will be.

"NO MAN IN PUBLIC OFFICE OWES THE PUBLIC ANYTHING."  
—M. A. Hanna.

"Not a d— cent for the close counties. If we carry the legislature Foraker will be a candidate for senator."  
—Mark Hanna.

"We are getting rid of some of the BARNACLES that have been hanging to the Republican party."  
—Mark Hanna on Foraker's defeat in 1889.

"Not a d— cent for Foraker: I DON'T LIKE HIM and I'll be d—d if I'll vote for him. On the contrary, I'll DO ALL I CAN AGAINST HIM."  
—Mark Hanna.

"I believe the struggle now going on in this country and in other countries for a Single Gold Standard will, if successful, produce widespread disaster in the end throughout the world."  
—Jas. G. Blaine.

I see in the near future a crisis arising which unnerves me, and causes me to tremble for the safety of my country. As a result of the war, corporations have been enthroned and an era of corruption in high places will follow, and the money power of the country will endeavor to prolong its reign by working upon the prejudices of the people until all wealth is aggregated in a few hands and the Republic is destroyed. I FEEL AT THIS TIME MORE ANXIETY FOR THE SAFETY OF MY COUNTRY than EVER BEFORE, even IN TIMES OF WAR. God grant that my suspicion may prove groundless.—Abraham Lincoln.

"There is no escape from the bondage in which the Republicans are now held, unless they VOTE THE DEMOCRATIC TICKET THIS FALL. . . . Mark Hanna's nomination is an insult to American labor, and every laboring man should vote against him."  
—A. L. Jonger, to his Republican friends.

"My friends, unless our children have more patience and courage than saved this country from slavery, Republican institutions will go down before moneyed corporations. Rich men die, but corporations are immortal. They are never afflicted with

disease. In the long run they are bound to win with legislation."  
—Weadell Phillips

## "HANNA'S"

Name Will Not Appear on the Ballot You Will Cast.

To Vote Against Him You Must Mark the Democratic Ballot as Indicated Below.

If you believe in the free coinage of both gold and silver; in the right to organize labor; in the rights of organized labor; if you are opposed to government by injunction, and opposed to class legislation; if you believe in a government of the people, by the people and for the people, vote against Mark Hanna by making your cross opposite the names as follows:

## SENATORS.

[X] WM. G. BROEKEIN,  
[X] WM. F. DECKER.

## REPRESENTATIVES.

[X] CHARLES H. ADKINS.

Democrats should not forget that they are not voting for these men merely because of their good qualities but for the further reason that they represent the principles of the Democratic party of the day, and if elected will vote for a man for United States Senator who will stand by the principles of the party and against Mark Hanna.

All votes cast for the so-called Populist ticket, and the Prohibition ticket, by persons who believe in the principles advocated by the Democratic party are thrown away; and all votes cast for the candidate for representative on the Republican ticket because he is a Populist, or for friendship, is a vote for Hanna, in favor of the money power; against not only the masses of the Republican party but against the interests of all the people, except the few who are controlled by Lombard and Wall streets.

## ADVISE TO THE W. G. T. U.

Physical Culture Lecturer Endorses Paine's Celery Compound.

Miss Lucy H. Hitchcock, lecturer, department of physical culture, Woman's Christian Temperance Union, Vermont, wrote on May 16, last:

"It affords me pleasure to add my testimony with others regarding the healing effects of Paine's celery compound upon an exhausted nervous system."

Aug. 12, 1897, she wrote: As a rule I do not endorse medicines, but I believe Paine's celery compound to be of a different order from the ordinary medicines. Facts cannot be disputed. I have derived so much benefit from the compound that I am glad to heartily recommend it, hoping others similarly afflicted may be relieved. Any medicine that will relieve suffering humanity is a blessing to the world."

A blessing to the world! Paine's celery compound has been proven to be the one great remedy that really makes people well. This estimable woman, whose Christian work is earnestly directed toward the betterment of others, and whose endorsement in the W. G. T. U. makes her advice of great value, plainly endorses Paine's celery compound.

The amount of poor health on every hand is something shocking to everyone who stops to think. Hundreds of men and women in every neighborhood are to day carrying about with them a needless load of ailments that a thorough refreshing of their nerves, a purifying of their blood, more sleep and more regularity in the bodily functions would completely do away with. Paine's celery compound will do all this for sick and ailing men and women.

A "bear say" reputation may do for other remedies, Paine's celery compound is

best known from the mouths of men and women whom it has made well—they are in every city, town and village in the country.

No one can pass the newspaper bulletins without being reminded by how slight a thread the best of men hold on to life. The slight ups and downs in health from which people recover make them forget that there is a limit to the body's elasticity and endurance. The habitually exhausted nervous system at last loses its power of recovery and offers no resistance to disease. "Prevent disease" is the watchword of the best medical thought of today. Careful men and women do not wait until they are flat on their backs as people once did. The more intelligent part of every community has found out the incalculable benefit to be derived from Paine's celery compound, when one is worn out, nerve-tired and "out of sorts."

The little ills, the beginning of neuralgia and rheumatism, the "all gone" and tired feeling show the immediate need of purifying the blood and refreshing the nerves. The direct and energetic way Paine's celery compound overcomes sick and nervous headaches, dyspepsia and heart troubles, as it does all other nervous disorders, has compelled the admiration of the medical world from the start.

Headaches, rheumatism, neuralgia, lifeless feelings, and dizziness cannot persist when intelligently met and corrected by this greatest of nerve and brain strengtheners. No remedy ever kept the confidence of so large a body of inquiring men and women. Try it.

## HORRIBLE ACCIDENT.

Miss Marie Jones the Victim of an Ironing Machine

Her Left Hand Drawn Between the Hot Rollers—Amputation May Be Necessary

Miss Marie Jones, a young lady employed in the ironing department of the Enterprise laundry on east Market street, was the victim of a deplorable accident about 8:45 o'clock this morning. Her left hand was caught in one of the ironing machines and was burned and crushed so badly that amputation of all the fingers of that hand may be necessary.

When the accident occurred Miss Jones was at work at a machine known as the body ironer, which is used to smooth the body of shirts. Suddenly, in some manner which she cannot explain, her left hand was drawn between the heated iron rollers. She screamed in fright and agony and endeavored to jerk her hand away, but was too late; the rollers were still revolving and crushing and burning the flesh as they drew the hand further between them. The hand was burned and crushed nearly to the wrist before the machine was stopped and reversed to liberate the unfortunate girl. Drs. Steiner & Steiner were summoned and all that was possible was done to allay the pain and save the injured hand, but the hand is terribly crushed at the knuckle joints, the flesh was burned from the bones of the fingers, and it is feared that the tendons were so badly burned that amputation of the four fingers will be found necessary.

Miss Jones' home is in the country, near Gomer. She was removed to the Dixon boarding house, at Pearl and Union streets.

The East End Pedro Club will resume their meetings next week at the home of Mr. and Mrs. Paul Agterter, on east Market street.

Promises might make the grass grow, but they can't soothe the clamor of an empty stomach. This old, but true, Spanish proverb must be believed by the ladies of the Proxix Cooking Club, for they always endeavor to look well after the wants of their husbands, as the dinner they served for them on Thursday evening at the home of Mr. and Mrs. Ebersole, of north Pierce street, will show.

Mrs. Lamson and Mrs. McInnes, of Toledo, who have been visiting Mrs. Ross, of south Elizabeth street, have returned home.

Master Charlie Reichelderfer was just nine years old yesterday, and to celebrate the day, invited about forty girls and boys to a party between the hours of 4 and 7. Such fun and frolic can only be enjoyed in childhood, when to have a good time seems to be all that makes life worth while. Story telling, alternated with games, and then came the dainty supper nicely served.

Wednesday afternoon the Aid Society of Tanner Street Lutheran Church, with a number of friends, drove over to Lafayette, where they visited Mrs. Heiser and had a delightful time until twilight.

The mystic letters of A O T. are to be used to designate a new club, or circle, rather, as their meetings are to be purely social in character, each woman being expected to bring her sewing. The membership includes Mesdames Catt. Hay, McCullough, Paul Agterter, F. Boone, Staggman, W. T. Agterter, Lockhart, Barr, Winters, Sharp, Hotchkiss, Newton.

The Episcopalian Cooking Club are to celebrate Halloween by having a party pulling at the home of Miss Carrie Oory, corner of west Market and Metcalf streets.

C. D. Criter, M. L. Johnston, J. F. Leland, Wm. DuGray, Wm. Beach, Ed. DuGray, Carson Dalzell, Hugh Osmeron, Walter Cooney, Robert Finnell, J. A. Dutton, Chas. Staggman and their wives have formed a new card club for amusement during the coming winter. They will have their first meeting at Mr. and Mrs. Hugh Cameron's home next Tuesday evening, and will there be entertained.

Mr. and Mrs. E. W. Hastings, and Mrs. John Roby, of Delphos, are the guests of Mr. and Mrs. Roby, of west Spring street.

Thursday evening a congenial crowd of neighbors, about twenty in all, surprised Mr. Will Lambert, of Harrison avenue, by taking possession of the house and making everything happy. Tally pulling being the principal feature of their fun.

Last evening the De Monico Cooking Club entertained their husbands and best friends at the home of Mr.

and Mrs. Wm. DuGray of north Pierce street. Half a dozen decorations were on every hand, pumpkin jack o' lanterns lighting up the scene with their uncanny faces. An excellent supper was enjoyed about nine o'clock.

Last evening a happy crowd of ladies and ladies filled two picnic wagons and drove out to the country home of Miss La Verie Reed. Music, dancing and card playing filled the time until supper was announced, and then, with the good appetite which belongs to youth, each one enjoyed the feast of good things. Then came the merry ride back to Lima.

## AMONG THE RAILROADS

Foreman Fred Keenim, of the L. & W. yards, was off duty this afternoon.

Conductor Mike Shea, of the C. H. & D., is in the city.

Engineer Myers, of the C. H. & D., is laying off on account of sickness at his home. Engineer McGuire is making his runs.

Assistant superintendent Shoemaker, of the C. H. & D., will spend tomorrow at the Lawistown reservoir.

Grant Long, the C. H. & D. switchman who was injured by a broken stake hitting him on the head, is improving nicely under the care of Dr. A. S. Rudy, who now has charge of the case.

The Detroit & Lima Northern has proved a great blessing to every person in Michigan and other northern places who use coal for fuel. By a combination the railroad rates compelled the shippers of coal to pay an exorbitant freight rate. The D. & L. N., when it entered the Michigan field, charged a reasonable freight rate. Ever since then the Central Freight and the Joint Traffic Association have been greatly exercised, and a heroic effort will be made to force the D. & L. N. to restore the old rate. The Central Traffic Association has dropped the Detroit rate to \$1.05. The association, while has overtaken the people for years, declare that if the rate cutting is not stopped that a disastrous rate war on coal to Detroit will follow. The D. & L. N. declare they are in the field to stay, and will act independently in making their rates.

The Hanna Meeting in Music Hall Last Night

### LOST MARCUS SOME VOTES.

The Attempt to Headwink the Old Soldiers Was a Failure—The Forakerites Were Not in Evidence in the Meeting.

The Hanna boys had another interesting last night, and an attempt was made to stem the tide that has set in so strong against the Ohio labor crusher and his vicious political method. By a liberal use of printer's ink, by personal invitation, by the blast of brass horns the Hanna people sought to fill Music Hall to hear another federal office holder fire off the last gun of the campaign. It was a Hanna meeting, and no attempt was made to disguise it. The Foraker people were conspicuous by their absence. Charley Bumbaugh, who was boss of the job, sat on the stage and looked wise, while Ed. Lewis kept the door and directed to the rear of the room any Foraker people who might stray in through a curiosity to see what Hanna's man might have to say with regard to his boss.

The orator of the evening was Henry Clay Evans. He is a federal office holder by the grace of William McKinley, acting under the instruction of Mark Hanna. He draws a salary out of the United States treasury for performing certain duties which pertain to his position, and, letting his duties take care of themselves, puts in his time running about the country at the command of Mark Hanna, in a vain attempt to help the latter keep his grip on the Ohio senatorship.

Your uncle H. Clay is not much of an orator. He has a voice like a katydid, his delivery was abominable, and his arguments were even worse than his delivery. His speech consisted of a lot of ancient history, in which the speaker attempted to justify protection and the gold standard of money. During his harangue he gave utterance to one truth, which every workingman in the audience fully saw the force of, although not in the way the speaker intended. He said, "It is not the quality of money that concerns the people, but the quantity of it." And every man in the audience who, under the gold standard policy was working on half time or for reduced pay, and who experienced great difficulty in getting a sufficient quantity of money to keep himself and his family decently clad and free from the pangs of hunger, coincided with him. Silver money is as good as gold and will buy just as much. The difficulty is to get a sufficient quantity of it. The policy of McKinley and Hanna and their gold standard fellow conspirators have so paralyzed business that its volume is not one-fourth of what it should be, and the workingman suffers in consequence. The speaker had the temerity to attempt to justify the two great inequities of modern times—the McKinley bill and the act of 1873, demonetizing silver. He threw bouquets at himself for having voted for the McKinley bill, which he said was the most meritorious measure passed during the session of congress which adopted it.

It was the intention of the Hannaites to have the Evans speech land all the old soldiers' votes for the labor crusher. But H. Clay's statements did not bear a close enough semblance to truth to deceive any of the veterans, one of whom said to the TIMES-DEMOCRAT this morning: "The speaker did not tell the truth, and he knew it; so did we. He can not deceive us so easily as he thinks for, and his misrepresentations lose a number of votes for the Republican ticket."

The entire speech was a tissue of fallacies so transparent that it deceived nobody. As a vote maker the meeting was the greatest farce of the campaign, and the consensus of opinion was that a few more speeches of that kind would result in making the vote of Lima unanimous against Hanna and his party.

At the conclusion of H. Clay's discourse a fellow named Chase was introduced and he chased away from the hall those who had the fortitude to remain to the close of the first attack.

Two Driving Axles Found Broken on a C. H. & D. Freight Engine.

A very peculiar accident happened to C. H. & D. engine No. 14 at Piqua yesterday. Engineer Mike Reed was on the engine, and was pulling out from a switch onto the main line. He noticed one of the drive wheels wobbling and descended from the cab of the engine, and upon investigation found both of the seven inch driving axles broken. It was very fortunate that they were discovered when the train was moving slowly. No such accident has ever before happened to any of the C. H. & D. engines. It will be a difficult task to bring the engine to the repair shops, as the main part of the engine has no support.

## HALLOW E'EN

Is Always an Occasion of Merry Making.

### THE WEEK'S SOCIAL EVENTS

Continued With Many Halloween Parties—Mrs. J. C. Ross' Reception—Several New Clubs Formed—A Busy Week in Society.

### "HALLOW E'EN."

"O, fruit loved of boyhood" the old days recalling. When wood grapes were purpling and brown nuts were falling. When wild, ugly faces were carved in its skin. Glaring out through the dark with a candle within. When we laughed round the corn heap, with hearts all its taste. Our chair a broad pumpkin, our lantern the moon. Telling tales of the Fairy who traveled like steam. In a pumpkin shell coach, with two rats for her team.

The latest addition to the ranks of card clubs is one composed of the following gentlemen and their wives: Will Sprague, John Boose, Robert Parmenter, John Roby, George Mahaffey, John Irish, Frank McCoy, Harry Moulton, George Paulina, D. H. Sullivan and Wm. Parmenter. Their first meeting will be held at the home of Mr. and Mrs. John Boose next Thursday evening. Pedro will be the game to claim their attention.

The Sappho Club will hold their third recital next Thursday afternoon at the home of Mrs. Will Deakin, of north McDonell street. The programme will contain nine musical numbers, and one paper on Russian composers and another on Russian folk songs.

The Auld Lang Syne Club will be at home with Mrs. Owen Francis next Wednesday evening.

The Bard of Avon will rule the next meeting of the Round Table, which will be held at the home of Mrs. Prophet, on Monday evening. Among the numbers on the programme are, tragedy, Lamb's Othello; comedy, Lamb's Midsummer Night's Dream; Portia's Plea, and several good readings.

Next Monday evening the Philomatheans will have another interesting programme, Hebrew literature being the theme, and the quotations from the Psalms. Mrs. Rose Roberts, their hostess, will also be leader for the meeting.

This evening Mr. and Mrs. C. C. Miller are to entertain the T. and T. Club. Sir Walter Scott will be the author considered, the conversation being upon "The Talsman."

Wednesday evening Mrs. Charlie Lindel, of north Park avenue, gave a very pretty tea in compliment to Mrs. Tracy, who has gone to Pittsburgh for the winter. Covers were laid for sixteen, and at five o'clock all enjoyed the appetizing spread.

Tuesday evening, around the dining table in Dr. Baxter's home were seated a number of friends of Auld Lang Syne, who had been bidden to enjoy a dinner upon the anniversary of his birth. Mr. and Mrs. James Langan, Mr. and Mrs. J. C. Thompson, Mrs. A. E. Freeman, Mr. and Mrs. John Brotherton, Mrs. M. C. Baxter and Mr. and Mrs. H. A. Holdridge composed the party.

The excellent menu served was as follows:

Olives.	Bouillon	Pickles.
Roast Turkey.	Broiled Oysters on Shell.	Potatoes.
Crabapple Sauce.	Sherbets.	
Tomato Salad.	Butter.	Wafers.
Plum Pudding.	Grapes.	Foamy Sauce.
	Coffee.	

The dinner was well served by the doctors three sons, Frank, Don and Clem, who had assisted their mother in arranging the surprise for their father. The conversation was principally of by-gone days, all feeling the years between have taught some sweet, some bitter lessons none wiser than this—to spend in all things else. But of old friends to be most merry.

Mrs. Floeter, of north Elizabeth street, will be the hostess of the Women's Club next Monday evening. A fine programme has been arranged which will surely make the evening delightful. The current events discussion will be about the alliance between France and Russia. This will be in the hands of Mrs. O. W. Smith. One of the papers will be on the Browning's home life in Italy. A reading, "The Boy and the Angel," and the quotations are to be from Browning.

The Artus Club will meet Monday afternoon. The readers for the afternoon will be Mrs. James Langan and Mrs. J. B. Vail, and the current events discussed will be the mining strikes.

Monday afternoon Mrs. W. L. Mackenzie invited a number of friends to fill a picnic wagon and go out for an old time nutting party. It is needless to say all were ready to accept, and in the party were Judge James Mackenzie and his daughter, Mrs. Finch, and her daughter, Mrs. McConnell and little Gladys McConnell, Misses Isabel and Mabel Mackenzie, Mrs. Jane Holmes, Mrs. Frederick Seymour and son, Mrs. Wilson Butler and daughter, Mrs. Frank Drake and Mrs. Mackenzie and her sons.

The St. Marys Chapter of the Woman's Guild of Christ church have issued invitations to forty young men for a dinner at the home of Mr. and Mrs. Downing of west Spring street, next Wednesday evening at six-thirty o'clock. Each young man is expected to bring some girl friend,

and the ladies in charge will certainly make the evening one of much pleasure.

Tuesday evening forty of Lima's Mr. Rebekahs filled a number of picnic wagons and went over to Elida to attend lodge and have a good social time.

Mrs. J. O. Ross, of south Elizabeth street, gave a charming reception Wednesday evening in compliment to her sister, Mrs. O. L. Lamson, and niece, Mrs. J. P. McInnes, and Miss Lamson, of Toledo. The house was from eight to ten, and about fifty ladies were in attendance. The queen of autumn—the chrysanthemum—was the much admired flower used in decorating, each room having beautiful pink and white ones, with vines and palms for a background. The large front window in the parlor had been removed and the entire space filled with trailing vines. The orchestra was stationed just outside this screen upon the front porch, which was enclosed, and the delightful music accompanied the merry conversation of the guests. The dining room was very dainty and the handsome table had for a centerpiece a jardiniere of carnations. Myriads of candles shed a soft glow over

Mrs. O. S. Brice Urges the Woman's Clubs to Assist in Raising Funds

Mrs. Brice urged the women of Ohio to take steps to collect sufficient funds in order that the corner stone might be laid on the centenary anniversary of Washington's death. This paper caused much discussion.

## WEARY WILLIES

Take Possession of the C & E. Tower at Spencerville.

### TWO FREIGHTS HELD UP

And the Trainmen Compelled to Leave Their Trains—Tramps Escaped in the Woods When the Sheriff and posse Arrived.

When sheriff Fisher returned from Cincinnati early this morning he received a telephone message from superintendent Reynolds, of the C. & E., stating that a crowd of tramps had taken possession of the S. E. tower at the east end of the C. & E. yards at Spencerville, driven the operator from the building and were holding up two freight trains, and he asked for the sheriff's assistance in driving the tramps from their position. The sheriff awakened his son, Doit, and turnkey Breese, and together with Lieut. Wingate and patrolmen Goebel, Smalley and McCoy, went to the C. & E. depot where No. 3 had been held over a half hour to take them to the seat of war. When the sheriff and posse arrived at Spencerville the "Weary Willies" had taken to the woods and could not be found. The tramps had taken possession of the tower and had held up two freight trains, first 84, the "nigger local," and a through freight. The vagrants were well armed and while in possession of the tower and the trains, freely flourished their revolvers, threatening to shoot any one of the trainmen who would dare to interfere with them. The trainmen were expelled from the caboose of the local and their places taken by the tramps. Several of the gang made a big fire near the bridge and held the freight from crossing. The train men were unable to receive any orders and so could not continue their trip. The hobos were having a merry time and intimidated the operator and the trainmen by the presence of their guns. When the passenger arrived they became alarmed and quickly disappeared in the darkness. The sheriff divided his posse into two squads and a careful search of the surrounding territory was made but not a single one of them could be found. The sheriff and his men remained there until about four o'clock this morning when they boarded a freight and returned to the city.
